# SOUTH ENGLAND BONUS CHALLENGES

Earn extra points for your club by completing the challenges below and showing the evidence to your director. The more you do the more points your club will earn!

**ADVENTURER**

**PATHFINDER**

**MASTER GUIDE**

## CAMBRIDGE & OXFORD UNIVERSITIES CHALLENGE 5pts

Oxford and Cambridge Universities, the two oldest universities in the English-speaking world, with evidence of teaching at Oxford from 1096. Oxford operates the world's oldest university museum, as well as the largest university press in the world and the largest academic library system nationwide. Both universities have produced a number of talented artists, politicians, writers, and many others. William Tyndale, C.S.Lewis and Sir Christopher Wren are famous alumni of Oxford University.

What are your talents and how can you use them to serve God? Think of something you are very good at (your parents will be able to guide you if you can't think of something) and do something creative with that talent to make someone's day better. It could be drawing a picture to send to a shut-in church member, or calling up your grandmother to sing her a song, or even baking something to share with a neighbour.

Read a book written by author C.S.Lewis (try one of the Chronicles of Narnia) and write a review for submission to your club leader for checking OR design your ideal church. You could use the ideas from this website to get you started: <https://www.barna.com/research/designing-worship-spaces-with-millennials-in-mind/>

William Tyndale was a famous reformist who translated the Bible into English for everyone to read. Write out your favourite Bible chapters in seven other languages. Decorate each one and share the chapters with a classmate or neighbour who speaks that language. e.g. you could copy out a Psalm in Portuguese and decorate in watercolours to share with a Brazilian classmate. Or write a card and include your favourite chapter in Tagalog and give the card to a Filipino family living nearby.

## GREENWICH INTERNATIONAL DATE LINE & PRIME MERIDIAN CHALLENGE 5pts

The home of what is now known as Universal Time (Greenwich Mean Time) and the Prime Meridian (the basis of longitude), also hosted the Greenwich Observatory where many discoveries were made about the heavens.

Create a star map using some of the most recognisable constellations (you can use pasta, marshmallows, stickers, crayons or even sew them). Also try some of these fun star activities: <https://kidscreations.com/blog/15-cool-stargazing-activities-kids/>

Many missionaries left their home shores to travel around the world in order to spread the word of God. Research a modern-day or Biblical missionary and create a large-scale map to illustrate their journey, using creative ways to tell their story along the way (drawings, pictures, poems, verses, historical and geographical facts and figures etc.)

Many missionaries left their home shores to travel across the world in order to spread the word of God. Research a modern-day or Biblical missionary and create a large-scale map to illustrate their journey, using creative ways to tell their story along the way (drawings, pictures, poems, verses, historical and geographical facts and figures etc.) Visit the Adventist Volunteer Services website to see what calls are available at the moment (calls may be reduced because of international travel restrictions at present). Is this something you might consider doing when you are 18+? If so, don't forget to register your interest when you are old enough (in consultation with your parents): <https://www.adventistvolunteers.org/>

### ACTIVE PASTOR AND PARENT CHALLENGE (all levels) 5pts

Earn 5 points if your pastor or 5 points if your parent/guardian complete the active tasks
